

Heavy Duty Multi Grade Diesel Oil

Dominator

SAE 15W40 / 20W50

API-CF-4

Product Description

Goodyear Dominor CF-4 is a heavy duty multi grade diesel engine oil developed for use in high speed diesel engines specifically for the on-highway and off-highway applications. CF-4 oils are specifically compounded for use with diesel fuels ranging in sulfur content up to 0.5% weight. Developed to exceed the requirements of API CE, these oils are made using additives and base oils to provide extra oil economy and lowered piston deposits.

Benefits

- Prevents carbon build-up in engine and prevents scuffing.
- Minimized oil consumption.
- Stay in grade shear stability provides wear protection and viscosity control.
- Maintains excellent control of oil consumption.
- Advanced detergency / dispersancy leading to cleaner engines and longer component life.
- Enhanced protection against wear & corrosion.

Application

Goodyear Dominor is recommended for use in naturally aspirated and turbo-charged diesel engines & diesel-powered equipment of Japanese, European and American Manufacturers; mixed fleets, on-highway light and heavy-duty trucking, off highway equipment including construction, mining, quarrying and agriculture.

Properties

The exclusive additive system delivers improved engine cleanliness and protection against piston deposits allowing to exceed the demanding requirements of most OEMs. It is adapted to the most severe servicing conditions such as transport, mining and public works. And its excellent thermal stability properties keep the stable enhances the oil change interval prolonged.

Typical Characteristics

Dominator	15W40	20W50	PERFORMANCE LEVEL- MEETS
API Grade	CF-4	CF-4	API-CF-4
Flash Point, °C	225	240	MB228.3
Pour Point, °C	-36	-30	MAN 271
Viscosity at 40°C, cSt	115	163	
Viscosity at 100°C,cSt	15.1	18.7	
Viscosity Index	137	130	
Total Base No., Min.	10	10	

Typical physical characteristics of Dominor are given in the table. These are intended as a guide to the industry and are not necessarily manufacturing or marketing specifications.

Health & Safety

Detailed health and safety information for this product is provided in a Material Safety Data Sheet which is available upon request from your Goodyear lubricants sales office, or via the Internet on www.goodyearlubricants.me
